## Co-ordinators Report – December

As the year draws to an end we can reflect on a busy and productive year. The majority of our work has been documented in our recent A.G.M Report and for those that were unable to attend our A.G.M, the report is either with this newsletter or mailed separately.

Our end of year Christmas function was held at the 'Nook Café' this year, with some 40 advocates, protégés and supporters of the program, enjoying a delicious two course meal and some great company.

Early next year we hope to launch our new website which is coming on very well, and combine this with a 25 year Celebration of the program's existence. We look forward to having as many of you as possible come along and help us celebrate this milestone and development of the program.

On behalf of all the staff, and Committee of Management at Citizen Advocacy, I wish you a Merry Christmas and all the best for the New Year. Stay safe over the festive season and please spare a thought for those that find this time of year difficult.

David Abela, Co-ordinator

2011 A.G.M held at Rainbow Court, Sunbury

## *IN THE NEWS.....*

# Victorian Population Health Survey of people with an intellectual disability

The Victorian Population Health Survey for general Victorian population has been conducted each year by the Department of Health over the past ten years. This is the first time the same framework for the Victorian Population Health Survey has been applied to Victorians with an intellectual disability. The Victorian Population Health Survey of People with an Intellectual Disability 2009 represents a significant leap in understanding the health and wellbeing of Victorians with an intellectual disability.

For more information or if you require a hard copy of the report, please email your name and postal address to [vphs-id@dhs.vic.gov.au](mailto:vphs-id@dhs.vic.gov.au)
